Implement data base	7.00.g.10	00/00	00/00	12.00	10/00	10,00	200	2 00	2.700	00.00	02,00	00/00 00/00	10,00	100	111100	20,00	20,00	20.00		1
Implement data base for yape spots	Jorge Rios																	\vdash	i	+
Implement data base for users	Dylan Castro																	\Box		+
Move the map feature	Dylan Gada G																			+
Map feature to Yape interface	Jorge Rios																	\Box		1
Show the different pins for every spot in the map	Jorge Rios																	\Box		+
Move across the map, zoom in, zoom out	Jorge Rios																	\vdash		+
Show Yape spots in map feature	corgo i noc																	\vdash	Ī	+
Show the pin of every Yape spot in map	Carlos Guerrero																	\Box		+
Select a Yape spot and put your pin in that location	Carlos Guerrero																			+-
Show the basic information of that Yape spot	Carlos Guerrero																	\vdash		+
Prototype Demo v1.3	Canob Caciford		1										1					\vdash		+
Report a yape spot feature		+											1							+-
Add the report button to the basic information of a Yape spot	Jorge Rios																	\vdash		+
Control that every user can only report one place once	Jorge Rios												+					\vdash		+
After many reports to a single place remove it from the map																		\vdash		+
Waze feature	Jorge Rios												1					\vdash		+
	Jorgo Movino		1										+					\vdash	i —	+
Show the time it takes to arrive to a place in the basic information screen	Jorge Mayna																	\vdash	i —	+
Add the "Ir" button to every Yape Spot Connect it directly to Waze	Jorge Mayna Jorge Mayna			-									+					$\vdash \vdash \vdash$		+
Like Yape spots feature	Jorge Mayria																	\vdash	_	+
Add a like button to the basic information screen of every Yape spot	Carlos Guerrero			-														\vdash	_	+
* ' '	Carlos Guerrero:		-										1					\longmapsto		+
show all of your contacts that like a Yape spot in the basic information screen	Carlos Guerrero:																	\longmapsto		+
Add a share button to every Yape spot	Carios Guerrero:																	\longmapsto		+
Center the map feature	Ian Arias		-	-									+					$\vdash \vdash \vdash$		+
Show in the map the center option and the pin			1										1					$\vdash \vdash \vdash$		+
Connect the center button to the gps of the cell phone	Ian Arias		1										1					$\vdash \vdash \vdash$		+
Center the map whenever you click the center button and put the pin on your location	Ian Arias		1															$\vdash \vdash \vdash$		+
See closest Yape spots feature													1					\vdash		
Show in the upper part of the screen "Lugares cercanos"	Jorge Mayna												1					\vdash		_
Show the number of closest Yape spots according to the places on screen	Jorge Mayna												1					\vdash	_	_
Actualize the number of closest spots whenever you move the map or filter	Jorge Mayna		-															\longmapsto	_	_
Functional map implemented																		\longmapsto		_
Prototype Demo v1.4			-															$\vdash \vdash$		_
Search feature																		\longmapsto		_
Add the search button on the map and redirect to the search screen	Dylan Castro																	\longmapsto		┷
Add the recent search to the search screen	Dylan Castro																		<u> </u>	
Show the searched Yape spot with its basic information screen	Dylan Castro																	igsquare		
Search implemented																				
Filter Yape spots feature																				
Add basic filters to the search screen	Jonathan Loza																			
Create a advance filter screen	Jonathan Loza																			
Match the results of the filter screen to the searches	Jonathan Loza																			
Filter in map feature																			i	
Add a wheel of filters in the map	Jonathan Loza																		i
